Important Notice on AM Routes and Times:

All times stated in this document are tentative. We suggest that your student(s) are at bus stop 5 minutes prior to time listed on their route. School policy states that it is the expectation of students to be at bus stop waiting on bus. Drivers cannot wait more than 2 minutes for your students if they are not at the bus stop. Our schedule is set to ensure all students are picked up on time each day. One or more students who are late to bus stop create every child after to be picked up late. Please have your child at bus stop at correct time. Do not wait inside house until you see the bus coming. Students approaching (moving) towards the bus when it is rolling to a stop is a safety concern. If we are running early we will wait until the designated time for your bus stop.
