Old Items:

Fundraising meeting with Callaway Bank and Bruce Whitesides:

Program was created due to inequity of funding to one sport over the other due to the time of year being asked and exhausting the amount of times to approach individual business during the year.

Reviewed the blueprint of packages being offered by CPS, Program offers a lot of print material for the customer. Similar to what 65010 has been doing in the past but on a much larger scale.

Bruce Whitesides also offered other ways to create revenue:

- 1: Protect the school logo. We discussed the numerous logos that are currently being used and the decision would have to be made on which is the official one.
- 2: Review current contracts. For example gas for the buses, food and vending. Do the contract give back to the school?
- 3: Alumni cards
- 4: Utilize websites

Suggested that President, President-elect, Amy and Dale review with the school board in more detail and then come back to the Booster Club to discuss further. The Booster Club would hand larger off campus events and smaller fundraising efforts goes through the school.
